尊敬的客户：

由于敝司原来所采用的标签纸质为透明和绿颜色纸质可能会对条码识读产生影响(这些标签包括贴在内盒上，外箱上，以及胶轮或纸轮上的)。为此，敝司将对所有标签纸逐渐更改成白颜色纸质的标签，以提高条码的可识读能力。

Dear customers:

The original ST green color and transparent paper label that stick on the inner box, plastic reel, paper reel and outside carton, it may affect the readability by bar code equipment. In order to improve the readability on our label, the color would be gradually changed from green color and transparent paper to one color for white.
